FIVE CENTS THE COPY

CANDIDATES MAKE GOOD SHOWING AT FIRST MILE POST

Time for Big Work is Now—Don't Lose Your Pep Make Days Count.

The first period of the Ada News Greater Circulation Campaign ended last night, and we begin today the second period which gives every appearance of being as successful as the first. A large number of credits was polled during the last two days of the period as standings in today's paper will indicate.

The candidates are running so closely it still depends upon the "pep" of each contestant who the ultimate winner will be. Now is the time to show what salesmanship ability you really possess. No one has any superior advantage, everybody has a good chance. Your friends have helped you all. You have all worked hard, but let's see who will end in the "Endurance Test" which follows.

The credits have declined and are as shown on the cover of your receipt book for the second period ending December 20th. For a one-year daily subscription you will now receive 800 credits while for six months you receive \$30. A two-year subscription entitles the contestant to 6,000 credits. A five-year subscription will give you 20,000 credits and the special ballot of \$50,000 credit for every \$20 club turned in will still be a part of the regular schedule. The 30,000 extra credits in Monday's paper will be issued only during this week terminating December 11th. Study your schedule carefully. (Printed on the outside of every receipt book.)

Credits On Job Work.

The sale of job work coupons will also give the candidates credits. These cards are printed in three sizes and sell at \$10, \$20 and \$50. The credits issued on job cards are as follows: For a \$10 card 7,000 credits will be issued. On a \$20 card 25,000 credits will be given, and a \$50 card entitles the contestant to 100,000 credits during the second period.

Credits on both subscriptions and job printing will decline about 30 per cent during the last period. The prizes in this campaign will be awarded as advertised. See rule three in the first announcement as follows:

"The winners of the prizes will be decided by their accredited votes, being credits represented on all coupons and subscriptions."

Just because you have done well during the first period you cannot afford to halt now. Although the first period was a gruelling one, candidates must realize thoroughly that is not the goal. You must realize it takes a volume of subscriptions to win the Essex car, and your success depends entirely on your sagacity and pep. Those who let down now, who falter for a moment, will not be the big winners December 23rd. Owing to the closeness of the race the second period is EVEN MORE IMPORTANT than the first period. The number of credits allowed for both subscriptions and job printing are still pretty big.

There are losing credits daily. Just bear that fact in mind and don't let anyone influence you to the contrary. A little figuring will prove the truth.

There are thousands of eyes watching the standings with intense interest. The race is truly on the home stretch—DON'T STOP NOW. To do so would show the white feather to your friends and acquaintances who have already helped you and who have faith in you as a WINNER.

Standings will be found on page six.

Pete Davenport.

Formerly, when we saw a man reach into his hip pocket we were filled with apprehension. Now, we are thrilled with anticipation.

DO YOUR CHRISTMAS SHOPPING NOW!

'Must Champion Democracy' Wilson's Message to Congress

Must Set Example for World, President Says in Making Recommendations; Economy in Government and Cost of Living Get Attention.

(By the Associated Press)

WASHINGTON, Dec. 7.—President Wilson's concrete recommendations to congress in his annual message today were:

Revision of the tax laws with simplification of the income and profits taxes.

Independence for the Philippines, a loan to Armenia.

Economy in governmental appropriations and expenditures and creating of a "workable budget system."

Cold storage and other laws affecting the cost of living, and the federal licensing of corporations as recommended in previous messages.

Rehabilitation and training of disabled soldiers and sailors.

The president did not endorse a bonus.

No where did the president refer to the league of nations or the peace treaty fight, except perhaps by inference in his opening when he quoted Abraham Lincoln, "Let them have faith that right makes might and in that faith let us dare to do our duty as we understand it."

At his close the president wrote a paragraph which might be regarded as a caudicatory, saying:

"I have not so much laid before you a series of recommendations as sought to utter a confession of faith, of the faith to stand by until my last fighting day. I believe this is to be the faith of the future and present and of all the victories which await rational action in the days to come, whether in America or elsewhere."

"Democracy," the president said, "is being put upon its final trial. The old world is just now suffering from a wanton rejection of the principle of democracy and a substitution of the principle of autocracy as asserted in the name,

but without the authority and sanction of the multitude.

"This is the time of all others when democracy should prove its purity and its spiritual strength.

"It is surely the manifest destiny of the United States to lead in the attempt to make this spirit prevail."

Two ways in which the United States can assist to accomplish this object were outlined by the president. They were:

First, by offering the example within her own borders of the will and power of democracy to make and enforce laws which are unquestionably just and which are equal in their administration.

Second, by standing for right and justice, as toward individual nations.

"The United States," said the president, "cannot refuse this role of champion without putting the stigma of rejection upon the great and devoted men who brought its government into existence."

The president's message was transmitted by messenger, the president adhering to his decision not to address congress in person. The president's message was not read immediately in the senate, which waited until it had disposed of routine business.

"Recovering from the disturbing and sometimes disastrous effect of the late war," said the president, "has been exceedingly slow on the other side of the water and has given promise, I venture to say, of early completion only in our own fortunate country; but even with us the recovery halts and is impeded at times and there are immediate serviceable acts of legislation which it seems to me we ought to attempt to assist that

recovery and prove the indestructible, recuperative force of a great government of people. One of these is to prove that a great democracy can keep house as successfully and in as business-like a fashion as any other government. It seems to me that the first step toward proving this is to supply ourselves with a systematic method of handling our estimates and expenditures and bring them to the point where they will not be an unnecessary strain upon our income or necessitate unreasonable taxation. In other words, a workable budget system.

"In brief, the immediate need of the time is the removal of all obstacles to the realization of the best ambitions of our people in their several classes of employment and the strengthening of all instrumentalities by which difficulties are to be met and removed and justice dealt out, whether by laws or by some form of mediation and conciliation. I do not feel it to be my privilege at present to suggest the detailed and particular method by which these objects may be attained, but I have faith that inquiries of your several committees will discover the way and the method."

Postpone Packers' Bill.

WASHINGTON, Dec. 7.—The senate calendar today called for debate on the bill for federal regulation of the meat packing industry, left over from the last session, but there was a possibility, it was said, that it might go over until some future date.

Senator Kenyon, one of the framers of the bill, in a reply to a request from Senator Sherman for a postponement, said he would agree to the delay providing a unanimous consent could be obtained for a vote on the measure by January 8th.

In the house legislation for the restriction of immigration was expected to be taken up. The bill prohibiting immigration for a period of two years having been reported out of committee.

HOSPITAL NEEDED FOR 'DOPE' FIENDS

There Is But One Drug Adict on Ada Police Records.

So far as police records show, Ada has not been troubled to any great extent by drug addicts. The records show that but one has been arrested here during the past six months.

The recent burglarizing of a number of physicians' offices in this city, however, is attributed to "dope" fiends who craved drug and could procure it no other way. A number of places, including Sapulpa, Tulsa and Muskogee, have been troubled with "dope" fiends, and the police has been to arrest them.

Dr. A. R. Lewis, state health officer, believes these drug addicts should be given treatment by the state.

"Drug addicts for the most part are sick people and should be sent to an institution for treatment rather than arrested and sent to jail," Doctor Lewis contends.

Investigation has proven that many "dope" users have innocently acquired the habit and therefore are not criminals at heart. It is later when they have become hardened and want the drug that they stoop to crime and become dangerous members to society.

Instead of sending them to jail to serve sentences they should be treated, and if found incurable, sent to an asylum. The state has a number of reputable institutions that cure narcotic addicts. It is probable that these would make special rates for treatment of people sent by the state.

Of course persons who could afford to pay, would not be treated at the state's expense. But this arrangement would give all the opportunity to be treated and would make possible the enforcement of a proposed law which requires that "all persons arrested and found to be narcotic users shall take treatment."

In addition to the improvement in health conditions over the state, such a bill would prove one of the greatest protective measures. Crime would materially lessen.

It is probable that a bill will be introduced at the next session of the legislature including these points and asking an appropriation, as this would go as far toward checking the development of criminals as any way money could be spent.

In an "auto" biography, the first chapter would be devoted to the mortgage.

National Guard Recruits Will Be Examined Tonight

Those who have signed applications for membership in the Ada National Guard battery should be on hand at the city hall tonight at 7:30 to take the physical examination which is required of every person who joins the organization.

Those who have had previous service in the army or navy should bring their letters of discharge that their previous records of service may be noted.

Enough recruits have been secured to complete the organization if most of the men pass the physical examination and within a short time the Adjutant General will be here to muster the battery in.

Two doctors will be on hand tonight to examine those present and the work will proceed with as little delay as possible, the men being examined in groups of fifteen or twenty at a time.

GINS SHOW HEAVY INCREASE FOR YEAR

The ginning records of Pontotoc county show that 50 per cent more cotton has been ginned in this county this season than for the corresponding year ago. Prior to November 14 there had been 21,258 bales of cotton ginned this year as against 14,985 in 1919. In both these totals round bales are counted as half bales. In addition to the vast increase in number of bales ginned there is probably more cotton in the fields than ever before at this season of the year.

Arrest Dublin Officers.

DUBLIN, Dec. 7.—Auxiliary police raided the Dublin city hall today and arrested six members of the corporation.

The WEATHER NEWS

Tonight fair in east portion. Wednesday partly cloudy and warmer.

DO YOUR SHOPPING EARLY

NEWSPAPER MAN SAW CLARA SMITH NEAR SAN ANTONIO

Mrs. Hamon's Apartment Entered and Robbed In Chicago.

(By the Associated Press)

SAN ANTONIO, Dec. 7.—The newspaper on which P. M. Ross is employed as a reporter did not print today in its noon edition the interview sent out last night over the press wire in which he claimed to have seen and talked to Clara Smith.

(By the Associated Press)

SAN ANTONIO, TEX., Dec. 7.—P. M. Ross, a local newspaper man, who last night sent out a dispatch from here saying that he had conferred near San Antonio with Miss Clara Smith, sought in connection with the fatal shooting of Jake L. Hamon of Ardmore, and that she had given him a statement concerning the shooting of Hamon, was taken into custody early today, questioned for an hour and released.

Ross was detained at the request of Russell H. Brown, county attorney of Ardmore, who asked that his story be investigated and that Ross be held as a material witness if necessary. At this conclusion of the conference, Captain James Duncan of the police department stated that he was inclined to doubt the newspaper man's story.

PAPERS ARE STOLEN FROM MRS. HAMON'S APARTMENT

CHICAGO, Dec. 7.—Four unidentified men forced an entrance last night into the apartment building here where the widow of the late Jake L. Hamon lives. The men seized a quantity of personal papers and seventy-five letters received for Mrs. Hamon during her stay in Ardmore, where she was called when her husband was mysteriously shot about two weeks ago. The intruders took nothing else from the apartment, which is across the hall from Mrs. Hamon's apartment. The actions of the men indicated the seizure had been carefully planned, he said.

"Who do you think the men are?" he was asked.

"I don't know. I would not be surprised however, if they were not persons in the employ of interests seeking to suppress all possible sources of publicity in the shooting of Jake L. Hamon," he said.

ARDMORE, Dec. 6.—Mrs. Jake L. Hamon, wife of the late republican national committeeman, expresses herself as being much worried over the publicity given the developments since the death of Mr. Hamon, especially the publication of the alleged diary of Miss Clara Smith, which she characterized as vicious and appealing to the baser instinct of young women.

Russel R. Brown, county attorney, said today he had telegraphed an order to the chief of police at Kansas City, under whose direction the trunk from which the alleged diary was said to have been taken, was opened, to regain possession of the alleged document and return it to Ardmore immediately.

HARDING TALKS OVER LEAGUE OF NATIONS ISSUE

(By the Associated Press)

WASHINGTON, Dec. 7.—The League of Nations and cabinet selections were talked over by Senator Harding and his advisors today.

On the league issue Harding consulted representatives of both the milder reservations and the irreconcilables, conferring first with Senator Spencer of Missouri and later with Senator Johnson of California.

Senator Harding avoided the crowds that gathered around his office and committee room at the capitol by remaining during the day at the residence of E. B. McClean, his host. Meantime, one of his chief political advisors, Harry Daugherty, of Ohio, held conferences with members of congress.

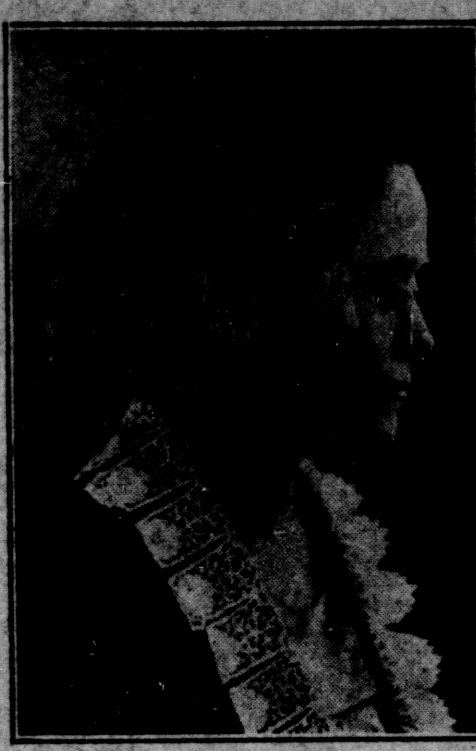

Senator Fall of New Mexico and former senator Weeks, of Massachusetts, also visited Mr. Harding and then conferred with various senators at the capitol.

Commerce Meeting Postponed Account President's Illness

On account of the sickness of its president, Mr. John Smith, the Chamber of Commerce will not hold its regular monthly meeting tonight December 7th.

A special meeting will be called as soon as the president is able to participate in the proceedings.

MRS. JESSIE N. HELM

Mrs. Helm is one of the most consistent of te candidates in the Ada News circulation campaign. She has been in the leader class from the beginning, but has today climbed to the topmost rank. She has received loyal support from many of the business houses of Ada, and is a real contender for the Essex car.

RAILROAD VIOLATED U.S. ANTI-TRUST LAW

WASHINGTON, Dec. 7.—The government today won its anti-trust suit against the Lehigh Valley railroad company and affiliated corporations.

The supreme court, in a decision made by Associate Justice Clarke, sustained charges of monopoly and violation of the Sherman anti-trust law.

The court held that charges of violation of the commodities clause in the formation of the Lehigh Coal Sales company had been proved.

Redistribution of stock of the Lehigh Valley company, asked by the government, was ordered by the court upon the government's contention that common stock ownership, officers and directors constituted restraint of trade prohibited by the Sherman act.

COURT REMOVES BARRIER TO SALE OF GERMAN SHIPS

(By the Associated Press)

WASHINGTON, Dec. 7.—The injunction against the shipping board forbidding the sale of former German passenger liners, issued by the supreme court on application by William Randolph Hearst, was set aside today by the district court of appeals.

'HAM AND' 25 CENTS; PIE 5 CENTS A CUT

(By the Associated Press)

PORTLAND, Oregon, Dec. 3.—"Ham and" back to 25 cents and two eggs, any style, for 15 cents are some of the new prices announced by a large restaurant here today. Pie cuts at 5 cents instead of 10 cents was another pre-war figure announced.

The Big Christmas Edition

The Christmas time is near at hand and millions of boys and girls and men and women the world over are looking forward eagerly to the day on which the nativity of the Saviour is observed.

Not only in the social world but in the physical world also December 25 has great significance and both the customs and traditions of men and the immutable laws of nature have combined to hallow and immortalize the day.

As in the physical world the day symbolizes the return of the winter solstice which heralds the beginning of renewed life and activity in the powers of nature, so in the social world, most especially in our country, does it signify a revival of the spirit of good will, good cheer and charity which dates from Bethlehem's manger in the long ago.

Santa Claus, the patron saint of every normal child, has been a power for good in the United States and his memory will endure as long as the records of the race.

While the younger folks look forward eagerly to the night of his annual visit on Christmas Eve the older folks minds are occupied with pleasant memories of their own childhood in which he played such an active part.

The man or woman who would rob childhood of its Santa Claus has grown old without having first been young, and would destroy the source of many a happy dream.

The News Publishing Co. will co-operate with the progressive business men of Ada in helping Santa Claus to locate the most desirable articles for distribution to his many friends in this locality, by printing a special Christmas edition of the Weekly News, December 16, and of the Daily News, December 20.

These special editions will, in addition to the regular news, carry messages of good will and cheer and thanks from the business men of this city to their patrons of the past year, and will tell of many bargains offered by them at the years close.

Watch for these big special editions and make your last Christmas choices from the articles they will mention.

DEPUTY SHERIFF BEATEN TO DEATH IN NEGRO DIVE

Posse Trails Murderers of Oklahoma Officer Across Line Into Arkansas.

(By the Associated Press)

FORT SMITH, Ark., Dec. 7.—One negro is under arrest at Poteau and a posse of 40 men is seeking two more in connection with the murder of Deputy Sheriff Art Pearson of Braden, Okla., and the serious injury of Special Deputy Sheriff Bert McKensie of Braden, in a raid on an alleged beer resort near Fort Coffey, Okla., late yesterday.

Beaten into insensibility, the two officers were found at the home of Henry and A. D. Toney, negroes, four miles northwest of Braden late yesterday. Pearson died at 8:30 last night and McKensie was reported this morning to be resting well, although in a serious condition.

Reports from Braden today indicated the town was quiet.

REPUBLICANS WOULD REPEAL WARTIME LAWS

(By the Associated Press)

WASHINGTON, Dec. 7.—One of the first steps by the republican majority in the house to place the country on a peace-time basis was taken today by Representative Volstead of Minnesota, chairman of the judiciary committee, who introduced the bill repealing all wartime statutes, except the trading with the enemy, food control, District of Columbia rent, Liberty bond and espionage acts.

FRISCO WOMAN IDENTIFIES MAN WHO KILLED THREE

(By the Associated Press)

SANTA ROSE, Cal., Dec. 7.—George Boyd, wounded in a pistol fight here last night, in which Sheriff James Partray of Sonoma, Cal., and two detectives of San Francisco, were killed, was identified today by Pearl Handle as one of the men who attacked her on San Francisco November 10th. Boyd told District Attorney Hoyle that he fired the shots which caused the three deaths.

FLAMES WIPE OUT FOURTH OF TOWN

(By the Associated Press)

SHAWNEE, Dec. 6.—Nearly a fourth of the business section of Asher, a small town 20 miles south of here, was destroyed by fire, which originated in the Hamms restaurant shortly before midnight last night. The loss is said to be heavy, but no estimate was available today. Many persons who lived in apartments connected with their places of business, barely escaped scantily clad. No loss of life was reported.

The progress of the fire to the east was stopped when the flames reached the Cook's general store, a brick building, and rain kept the fire from crossing the street, where it caught once. Many plate glass windows were destroyed. All buildings destroyed were of frame construction.

At that, a reactionary is not so annoying as in inactionary.

VETERAN CHIEF OF CREEKS DIES

George Washington Grayson, Confederate Veteran Dies From Paralysis.

George Washington Grayson, chief of the Creek nation and for 50 years a leader in their councils, died late yesterday in Eufaula at the age of 77. A stroke of paralysis brought death to the old Indian who fought as a Confederate in the Civil war and who had the best blood of the old south in his veins.

Funeral services for the chief will be held at the family home on the plantation just outside Eufaula at 10 o'clock Saturday morning. The Rev. Theodore Erewer, Methodist minister at McAlester, will conduct the services.

Mr. Grayson was named chief of the Creeks three years ago by President Wilson, but resigned several months ago because of ill health. This resignation was never acted upon, however.

Worked Hard for Tribe.

For years Mr. Grayson's only thought and work has been for the betterment of the members of his tribe. He has written and done much in their behalf.

Born in 1843 near Eufaula, Chief Grayson always lived in that community. He was a quarter-blood Creek, as is wife, now 71 years of age.

The youngster went to school at the old Ashberry mission on the North Fork of the Canadian river. Later he attended the Arkansas college, now the University of Arkansas.

He left college to enlist in the Creek Confederate Volunteers, participated in many skirmishes and was discharged at the end of the war with the rank of captain. After the war he married Miss Anna Stidham, whose father, George Washington Stidham, was an old Creek leader.

Gathered History.

Elected national treasurer of the Creeks, Chief Grayson later became one of the representatives to the international council. For 44 years after that he was a member of the House of Kings and also was the nation's delegate at Washington.

For some years he was engaged in the cattle and mercantile business, but gave this up to devote more attention to the affairs of the Creek nation.

He had recently been gathering information for an exhaustive tribal history of the Creeks. His family may complete this work, it is said. A few years ago Chief Grayson wrote at the request of the supreme court a treatise on the marriages and divorces of the Creeks, which has been taken as authority for court affairs.

Surviving the chief are a widow and four children. Walter C. Grayson, Mrs. Eloise Smock, Washington Grayson and Mrs. G. J. Fuller, all of Eufaula.

G. E. Parker, James C. Davis and Mrs. Fred P. Branson are going to Eufaula to attend the funeral.

HUGE STILL SEIZED IN LEFLORE COUNTY

OKLAHOMA CITY, Oct. 4.—One of the biggest captures of moonshine stills ever made in the southeastern part of the state is reported by J. T. Brown, federal prohibition enforcement officer of this district, who returned last night from a several days' raiding trip.

Brown, accompanied by John D. Tinsdale of Fort Smith, Ark., R. D. Foster of Tallahassee, J. L. Burns of Hugo and Edgar Keys of Poteau, Wednesday morning raided a moonshiners' outfit in the Kiamichi mountains of LeFlore county. The point where the still was located is said to be only two miles from the Arkansas state line, and is twenty-five miles from a railroad; Mena, Ark., being the nearest town. Five alleged moonshiners and a sixty-gallon copper still were captured by the officers, who report destroying eighty gallons of whiskey and 900 gallons of sour mash, found on the location of the still.

Men Taken by Surprise.

Cove Thompson, said to have been the ringleader of the moonshiners, and alleged to have served a term in the Alabama state penitentiary for a killing several years ago in the northern part of Ala-

Quit Laxatives, Purges; Try NR

[NR Tonight — Tomorrow Feel Right]

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purgatives and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so.

NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best.

Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

THEY'RE MENTIONED IN MAKEUP OF NEW NATIONAL ADMINISTRATION

bama, was captured by the officers, together with C. L. Nicholls, S. D. Thompson, William Gregory and John Nunnally. Brown reports that the raiding party "got the drop" on these men and arrested them without a struggle, although they were armed with three rifles and two shotguns. The men have been lodged in jail at Poteau to await trial.

The still captured by the officers is said to have been in operation for the last two years and is considered an important find by the enforcement men. Whiskey was later found buried in gardens of the men caught, it is said.

Wagon Load of Whisky Seized.

Following the capture of the still and while searching for other evidence of liquor traffic, the officers report that a capture of a wagonload of whisky, sixty-five gallons, and two men was made. The men, also now in LeFlore county jail are Lem Smith and Harry Green. Smith is alleged to have served a term in the Georgia penitentiary.

Conditions under which the LeFlore county still was found may be judged by the fact that the officers were forced to ride thirty miles horseback, and to travel an additional five miles afoot before they reached the location.

News want ads get results.

BOY KILLS COUSIN WHILE SCUFFLING

Were Arguing Over Possession of Shotgun When It Discharged.

MUSKOGEE—Scuffling over the possession of their only shotgun, while the two were out hunting six miles east of Checotah, Joe Smith, 17 years old, shot and fatally wounded his cousin, Clyde Waldrop, 14, Saturday afternoon.

The two boys had been hunting since early in the morning, taking turns with the gun, and the argument, according to Smith, arose over the matter of whose turn it was to use the gun.

Pressing the shotgun against the abdomen of the Waldrop boy, in a playful mood, according to his story, he accidentally pulled the trigger, and fatally injured the Waldrop boy, entirely blowing away part of his abdomen.

Dies After Operation.

According to Dr. J. H. White of Muskogee and Dr. C. A. Watkins of Checotah, who attended the boy, the explosion was inside the body, even the wads of the charge lodged in the body and abdomen was literally torn to pieces, although the intestines were untouched.

Little could be done for the boy, according to the physicians, but they brought him to Muskogee from Checotah in an ambulance, where he was taken to the Baptist hospital, and placed on the operating table.

The wounds were dressed the best they could be, but little hope was expressed for the lad, and within 20 minutes after his removal from the operating table he died.

The body was taken to Checotah Saturday night, and burial was at 3 o'clock yesterday afternoon in the Checotah cemetery. Parents and relatives of the boy attended the funeral.

Will Not Prosecute.

The story of the shooting was told by the cousin, Joe Smith, to the Checotah marshal and Sheriff Noble of McIntosh county, and they said last night that unless the parents of the dead boy wished to file charges against the Smith boy, no action would be taken by county or city officials.

Relatives of the dead youth were inclined to accept the story told by Smith. They were quoted by Sheriff Noble as saying that they would take no action in the case, at least for a few days.

Lady Grateful for Help Received

"For 15 years I suffered increasingly with stomach and liver trouble. Bloating with gas distressed me very much and caused serious heart fluttering. All medicine only relieved temporarily. I gave up hope of ever being cured. My druggist advised me one day to try Mayr's Wonderful Remedy. I am feeling like a new woman since and can now eat anything with no ill results." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

All Druggists Everywhere. adv

"I Never Knew Mayonnaise was so Easy to Make—and the Cost so Little"

Have You, Too, Hesitated To Make This Delicious Salad Dressing At Home?

ALMOST anybody can cook a steak, but the preparation of an appetizing salad dressing is considered a *real* accomplishment. Even men pride themselves on their skill in making salad dressings.

Yet some of the finest Mayonnaise, as well as Hollandaise, Russian Dressing and Vinaigrette Sauce—have been made by girls who never "tried their hands" at a salad dressing before.

They just followed the *recipe* and used Mazola—with results that are a constant source of delight. Try this one yourself and see how simple it is.

Just take the

Yolks of 2 eggs	One Teaspoonful salt
Two cups Mazola	One Teaspoonful Mustard
Two Tablespoonfuls vinegar	One Dash Cayenne
Juice of one lemon	

Have all ingredients very cold. Mix the seasonings, and add to the beaten yolks of the eggs. Beat with a small wooden spoon or silver fork. Add the oil drop by drop, beating vigorously. When too thick to beat add one teaspoonful vinegar. Continue so add the oil slowly, alternating with the vinegar and lemon juice, until at least a half a cup of oil has been added. After half a cup of oil has been added, slowly, the dressing may be beaten with a Dover Egg Beater and the oil added more rapidly.

Nothing Added to Bring Out the Delicate Taste

Mazola is an absolutely pure vegetable oil—in its rich, natural state.

WALLACE BROKERAGE CO.
Local Sales Representative
Oklahoma City, Okla.

FREE Handsomely Illustrated Corn Products Cook Book. Contains 64 pages of practical recipes. Write Corn Products Refining Company, P. O. Box 161, New York.

Many people prefer it even to the finest Italian olive oil—as it blends more perfectly with other ingredients than olive oil does. It makes a smoother, finer dressing.

The oil being so completely and thoroughly blended with the spices and condiments entering into the dressing, the *real* taste of the Mayonnaise is brought out.

Mazola-made Mayonnaise keeps longer without separating than olive oil or other oils.

Unusual Economy—No Customs Duty, No Ocean Freight Rates

Mazola is more economical than olive oil. It costs only about half as much. As it keeps indefinitely, it can be used to the very last drop.

Mazola is served by leading clubs, hotels, and dining cars throughout America—and sold by leading grocers everywhere, in pint, quart, half-gallon and gallon cans.

Moose Head Lake Maine

PETE, HERE'S WORD FROM THE WOODS!

Certainly slipped on not tipping you that Mr. Bacon invited me to join his shooting party up here. Arrived at his Northeast Carry camp at sunset yesterday. And a riot started before we squared up to the venison steak! Listen, old bull pup—my tale's short!

Bleak Nixon, chief guide, while unpacking, made the terrible discovery that *all* the Camel cigarette supplies had been swiped in transit! Never heard such a howl as the whole outfit set up! Nixon swore in Indian-plus-Canuck! Just wouldn't be pacified! Bleak's been rooting for Camels since November, 1915. Says there never was such smoothness, or refreshing flavor, or mild body in a cigarette as Camels provide! (Pete, Bleak is O. K. on that). While the row was on what does Nixon do but hop into his canoe and disappear into the depths of the dark, dank night!

About three this morning there was a roar such as no man ever heard in the wild woods! It was Nixon yelling like a double-decked bull moose! That bird had crossed the lake, picked up a trail and beat it to a little way-back store where he got the boss out of bed and made him come across with all the Camels he had. The storekeeper kicked like a handfull of aces—but, Bleak always gets what he goes after! It's the nerve, old tooth! And, now we're all filled with the milk of human kindness and Camel contentment! *We'll* get game!

Peter, think of digging up a bunch of Camels in the depth of Maine's densest woods! And, that's the way it is all over the U. S. A.! You're never out of luck when you smoke Camels! Peter, old hub, I've spoke—as the cook puts it!

Back in New York—well,—soon!

Your old pal

Shorty.

A merry heart doeth good like a medicine; but a broken spirit drieth the bones.—Prov. 17:22.

ANOTHER NATIONAL PERIL

While baseball is preeminently the great American game it is by no means the only great American game. For instance there is politics, played incessantly by millions of our compatriots and there is the nation wide sport of continually seeing things that do not exist.

Europe invented the "yellow peril"—in fact that saffron menace is numbered among the many worthless things "made in Germany." But perils of all colors have been invented in America: the principal occupation of many of our most industrious citizens is the conjuring up in the crucible of imagination dire and portentous evils that threaten to emasculate our government and mummify our civilization. "Seeing things" is one of America's pet specialties.

For instance, we have a goodly number of sincere citizens who honestly believe that this land is to be confiscated week after next by the Roman Catholics and that the United States is soon to become a mere appanage of the Vatican. California has a peril of her own and firmly believes that the sun flag of Nippon is soon to be planted on the tallest peak of the Sierra Nevadas, converting the land of Hiram Johnson and Abe Rueff into a colonial possession of Japan.

Now we have a brand new peril invented by Henry Ford, the daddy of the tin lizzie, who tried to keep Europe out of war and succeeded only in keeping his own son out of the war. Henry is still seeing things. The newest peril discovered by the Michigan pacifist is a diabolical conspiracy of Jews and Masons to devour E. Pluribus Unum. He has discovered in his lizzie joint at Detroit, unmistakable proof that the Semites have formed an entente cordiale with the square and compass and are on the eve of subverting if not dismembering the United States of America. This is the newest national peril and because of its newness is destined to be all the rage for a season.

It is conceded that Henry Ford invented the cheapest automobile ever foisted on an unsuspecting public. But Henry's Ford was not the cheapest thing he has invented.

WE SECOND THE SUGGESTION

An additional ward school will be opened in Ada ere many months have passed. The Evening News does not know what name that school will finally bear, but we wish to second heartily the suggestion of a well known citizen of the town that when the new school opens it bear the name of "Wintersmith" in honor of one of the greatest spirits that ever lived in Pontotoc County.

Thus far our ward schools have all been appropriately named. There cannot be the slightest objection to the name that any of them bears. But we feel that no one honored by having a school of Ada named for his or her memorial ever deserved any more honor from the people of Ada than J. M. Wintersmith. It would be a deserved tribute to a most noble man and it would be an honor to the schools of Ada.

It is now more than two years since Mr. Wintersmith passed away from earth. The people of Ada recall his splendid service as a citizen while yet among the living and the deep and genuine sorrow occasioned by his death. His story is fully known among the people with whom he labored through the years. Ada owes much to him, and it would be only a partial payment of that debt to dedicate one of our schools to his name. We endorse the suggestion that the name "Wintersmith" be given our new ward school.

Acting Governor Davidson says that the next legislature will appropriate at least twenty million dollars per annum to run the state for the next two years and that the state will probably need more than that. So that's what comes of living among Tulsa millionaires and hobnobbing with state officials who continually sing the glories of salary increases. Let the acting governor get down among the plain people who have not the wherewithal to feed and clothe their families and he will decide that the state can easily get along on a whole lot less than twenty millions per. If the next legislature spends twice twenty million dollars, every member of that body will be guilty of grand larceny.

When Senator Harding told the people of New Orleans that he hoped the time will come when the people of Louisiana will think like the people of Ohio, let us hope that he didn't mean the people of Adams County, Ohio.

WHAT OTHERS SAY

At Irish football games they have biers instead of cheers.—Miami News.

The most successful phonograph was made from a rib of man.—Tishomingo Capitol-Democrat.

A Chicago woman has been arrested for lecturing on sex control. She belongs to the sex that can't be controlled.—Hugo News.

If they ever get a coal profiteer in jail the first thing he'll do will be to complain that his cell is cold.—McAlester News Capitol.

The tragedy in a girl's life, says Publicity Bailey, comes when she can't remember a secret long enough to tell it.—Tulsa World.

If epidemics follow the styles, you may look for an outbreak of Rheumatism this winter.—Muskogee Times-Democrat.

Johnston county has prohibition all right, but there are as many people trying to drink as there are those who want to keep it dry.—Tishomingo Capitol-Democrat.

Anybody who knows an Irishman is convinced that the Irish problem will never be solved except in an Irishman's way.—Pawhuska Capitol.

That Oklahoma congresswoman should be able to get along with her male fellow members since she was a missionary to the Indians.—Pawhuska Capitol.

A Bay state court holds that "jake" can be sold if it is not in liquid form. But who on earth wants "jake" in any other form?—Tulsa World.

A farmer of Temple, Texas, bought a pair of shoes and a cold drink with the proceeds of a bale of cotton—after borrowing three cents war tax from a friend.—Hugo News.

Oklahoma's state health commissioner has a genius for figures. He announces that the state spends one-seventh-third as much for public health as it does for gasoline. Possibly the people get so much fresh air burning the gasoline that they do not require the attention of the health department.—Shawnee News.

The democrats have vanished with election. And their trail into the desert will be tryin'. They've been charged with waste and wobbling and administrative squabbling. And with tolerating William Jennings Bryan.—Eufaula Journal.

The principal and only necessary qualification of the old school campaign manager is the ability to boast. And, by the way, there is no other kind of campaign manager. It's the one job of the busy world where a fog-horn voice and unlimited enthusiasm gets anywhere. It gets the campaign manager a soft job with promise of advancement if the party wins. Consequently campaign managers issue statements prior to election that the ticket will carry. The statements mean nothing. Probably issued on the chance that the grocer will see it and extend further credit.—El Reno American.

MRS. HYDE GRANTED DIVORCE FROM DOCTOR

(By the Associated Press)
KANSAS CITY, Mo., Dec. 6.—Mrs. Francis Hyde today was granted an absolute decree of divorce from Dr. B. Clark Hyde, who was tried three times for the murder of Colonel Thomas Swope. Mrs. Hyde was granted custody of the two children. The decree does not permit Dr. Hyde to visit the children.

A modern discovery for the rapid healing of flesh wounds, cuts, burns, bruises, sores and scalds is Liquid Borozone. It is a clear, colorless liquid possessing marvelous healing power. Price 30c. 60c. and \$1.00 Sold by Bart Smith. Adv.

Resolutions of Lions Club for Brother in Texas

Whereas: Mr. Arthur Marshal, a member of the Lions club of the city of Ada, has moved to the city of Dallas, Texas.

Whereas: During the period of his residence in the city of Ada he has been a member of the Lions club and as such a citizen and member has always been active in the upbuilding of the city and has been a participant in all good movements that have for their object a material and civic improvement of a community.

Therefore be it resolved:
First: That we unreservedly commend him to the people among whom he is moving as being a live, progressive and up-to-date citizen and business man, having at all times at heart the best interest of the community in which he resides.

Third: That a copy of these resolutions be spread on the minutes; a copy given the Ada Evening News for publication and a copy be forwarded to the secretary of the Lions club of the city of Dallas.

SAM SCHIENBERG,
JNO. P. MCINLEY,
FOSTER M'SWAIN.

CALLED EX-KAISER DESERTER, CAUSES DEMONSTRATION

BERLIN—The former Chancellor Hermann Mueller, comparing Wilhelm II and Frederick the Great in the Reichstag, recently asked: "Do you think Frederick the Great would have deserted and fled to Holland? He would have died for his country in the front of his troops."

This caused a great demonstration by the rights and a counter demonstration by the lefts.

Court House News

Abandonment Is Charged.

G. R. Simpson of Stonewall was arraigned before County Judge Crawford yesterday charged with wife desertion and abandonment of his five dependent children. He pleaded not guilty, and was released under bond of \$500.

Complaint against Simpson was filed by his wife, who alleges that he deserted her and abandoned his five children, who are under 12 years of age, on or about October 20, 1920. He will be tried at the next sitting of the county court.

IN SOCIETY

Romance, who loves to nod and snore,
With drowsy head and folded wing,
Among the green leaves as they shake

Far down within some shadowy lake,
To me a painted parakeet
Hath been—a most familiar bird—
Taught me my alphabet to say,
To lisp my very earliest word,
While in the wild wood I did lie,
A child—with a most knowing eye.

Of late, eternal Condor years
So shake the very Heaven on high
With tumult as they thunder by,
I have no time for idle cares
Through gazing on the anguished sky.

And when an hour with calmer wings
It's down upon my spirit flings—
That little time with lyre and rhyme
To while away—'forbidden things'!
My heart would feel to be a crime
Unless it trembled with the strings.
—Poe.

Thursday Victory Club.

The members of the Thursday Victory club enjoyed the afternoon last Thursday as the guests of Mrs. Stewart Anderson who entertained in Mrs. T. C. Rollins's pretty home.

Five tables of players spent a very pleasant afternoon playing forty-two. Mrs. A. P. Alsop won high score.

Mrs. Fitzhugh Lewis, Mrs. Doyle Rollins and Mrs. A. L. Cochran assisted the hostess in serving a delicious repast of chicken, salad, sandwiches, potato chips, olives, hot chocolate and fruit cake with whipped cream to these club members: Mesdames O. S. Grummitt, A. P. Alsop, E. P. Schneider, W. E. Shettle, J. A. Burdell, M. E. Ewing, C. Chesnut, Worley Lynn and F. A. Ramsey.

The guests were Mesdames J. U. Kincaid of Ardmore; A. L. Cochran, Rex Strickland, Jack Blacklock, Marvin Bryant, Fitzhugh Lewis, John Landrum, John Woody, Doyle Rollins, Will Chesnut and Miss Hazel Rabon.

Cecil Hoggatt.

Lonnie Cecil and Iva Hoggatt, both of Stonevale, were married in this city Saturday evening at the home of Mr. and Mrs. Martin at 604 East 7th street with Rev. Taylor of the Nazarene church, officiating. Both the contracting parties are well known in Stonevale and their marriage came as a surprise to their many friends. They left here Saturday night for Stonevale and will make their future home in that city.

Elks Dance Tonight.

Tonight the Elks are giving another of those perfectly splendid dances for which they are fast becoming noted. There will be some wonderful orchestra music by the Louisiana orchestra from New York and every Elk will be expected to bring his lady and make a very merry affair more merry.

Mrs. Ruth Johnson of Ravia, was here last week visiting relatives and friends.

Mr. and Mrs. J. E. Johnson of Connerville, were the guests of Mr. and Mrs. I. M. Lowery Sunday.

Miss Jean Patterson of Okmulgee is in this city visiting Miss Marguerite Johnson.

Miss Marguerite Johnson spent the week-end with friends at Coalgate.

Miss Lillian Brummer of Oklahoma City is here visiting relatives and friends this week.

Clifford Dorsey, who spent last week visiting relatives and friends in Texas, returned home Sunday night.

Mrs. Smith and little daughter of Sulphur are here visiting her parents, Mr. and Mrs. B. C. Harbert, for a few days.

Miss Ethel McAnally returned Saturday night from Oklahoma City where she spent several days visiting friends.

Mrs. A. Gale of Mill Creek who has been visiting relatives here since Friday left Sunday afternoon for her home in that place.

Mr. and Mrs. S. F. Steed arrived in this city Sunday for a visit with the former's parents, Mr. and Mrs. W. H. Steed.

Misses Inez Cunningham and Bertha Lucas of Holdenville returned to their homes in that place yesterday after spending the week-end with friends here.

HAND MADE YOKE TRIMS THIS GOWN

Here is a pretty nightgown which shows the handworker's skill. The yoke is hand crocheted lace in a simple flower and bownot design. The fine batiste which makes the gown is embroidered in the front and made in empire effect with wide satin ribbon forming a trimming.

Training Class To Present Christmas Festival Friday Nite

The young women's physical training class, under the direction of Miss Anna Weaver Jones, will give a splendid program at the Normal auditorium Friday night of this week which you cannot afford to miss. There will be many interesting feature dances all of which will be executed by the class members. Miss Jones is a most remarkable young woman and in her particular line of work she has proven herself to be absolutely indispensable to our Normal school. The program for Friday evening is called "A Christmas Festival," and will consist of dances executed by Christmas joys, principle among which are the Frost, Snow, Mistletoe, and Holly Gifts and Bells. The price of reserved seats is 50 cents and can now be secured at the Gwin Mays drug store. Miss Jones also has a splendid class of town ladies who are taking physical training and are making wonderful progress under her direction. This class is open to all the town women who care for the exercises and the lessons are given at the gym on Tuesdays and Fridays. Why not phone for an appointment?

GIRLS—LADIES—WOMEN

It is said that nine out of ten females are diseased with Constipation—It's terrible! Constipation often results in pimply face, sallow color, bad breath, and mean disposition. Hollister's Rocky Mountain Tea is a "positive" Laxative—mild, pleasant, certain—so thoroughly cleansing and purifying that CONSTITUTION disappears, and when your Constipation goes—your COMPLEXION improves, you feel better, eat better and enjoy living. Give it a thorough trial and you will recommend it to all your women friends. 35c a package. Tea or Tablets.

Hope-Conn Drug Company

First: It is sold at a moderate price. You save when you buy it.

Second: It has more than the ordinary leavening strength, therefore, you use less.

Third: There are no failures—it always makes the sweetest, most palatable of foods.

Fourth: It is used by millions of housewives—leading domestic science teachers and cooking experts.

Fifth: It is the best Baking Powder that can be produced. Was given highest awards at World's Pure Food Exposition, Chicago; Paris Exposition, Paris, France.

Sixth: It contains only such ingredients as have been officially approved by the United States Food Authorities.

The finest quality Baking Powder—at the most economical cost. "The Biggest Bargain That Goes into the Kitchen Today."

Pound can of Calumet contains full 16 oz. Some baking powders come in 11 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet's Nut Cookie Recipe
1/4 cup butter,
1/2 cup sugar, 2 eggs, 1/2 cup flour, 1 level teaspoon Calumet Baking Powder, 1/4 cup chopped nuts, 1 teaspoon lemon juice. Then mix in the regular way.

News From the Hospital

Miss Verna Ingram will soon be able to leave the hospital.

Jack Banks left the hospital Saturday evening cured.

C. H. Heart returned to his home at Lula Saturday evening having recovered from an operation for a mastoid abscess recently.

Alfred Dahl of Ephraim, Utah, will soon be able to leave the hospital after a long siege of typhoid.

Miss Willie Morris of Fitzhugh, who is seriously ill with typhoid, shows no improvement. Her condition is not considered dangerous.

Buster Moore, the 8-year-old son of Mr. and Mrs. Henry Moore of Fitzhugh, is recovering nicely from a successful operation for appendicitis Tuesday.

Mr. Brady returned to his home on 13th street Monday morning having sufficiently recovered from an attack of brights disease. Since coming to the hospital a week ago Mr. Brady's family have moved to this city from Roff.

Garrett Cox of Roff, who was brought to the hospital Friday seriously ill with an ulcer of the stomach, was very restless Sunday night. He is not yet able to undergo an operation. Mrs. J. H. Cox came to the hospital Sunday to be with her son during the next few days.

The only thing sadder than a cold fried egg is a small town railway station.

GIRL RIDES HORSEBACK FROM VERMONT TO FRISCO

SAN FRANCISCO, Dec. 7.—Miss Billy O. Lempie, 21 years old, arrived here late yesterday from St. Albans, Vt., having ridden on horseback the entire distance, estimated at 3,900 miles. Miss Lempie started June 30, last.

Meat Prices Drop.

WASHINGTON, Dec. 7.—Wholesale prices of meat continued their downward trend last week, said a statement issued here last night by the Institute of American Meat Packers. Fresh pork showed a decline of 10 to 20 per cent, the statement said, although it was less marked near the packing centers than in the east.

MAN KILLS 36 RATTLESNAKES ON TEXAS FARM

CHILDRESS, Texas, Dec. 4. —E. D. Brown of this city claims to be the champion rattlesnake hunter of Texas. A few days ago, on Judge M. J. Hathaway's farm, he killed 36 rattlers in one den. The snakes had rattles numbering from two to sixteen. The reptiles were skinned and the hides brought \$10, he receiving 25¢ per foot. Mr. Brown says there are a number of the rattlers in the den that he expects to capture in a few days.

To relieve rheumatism, sprains, lame back, lumbago or pleurisy, Ballard's Snow Liniment is a remedy of proven merit. It is very powerful and penetrating. Three sizes 30¢, 60¢ and \$1.20 per bottle. Sold by Bart Smith. Adv.

'Lost Chapter' in Man's Career May be Found

CHICAGO—Recovery of the "lost chapters in the career of man" hidden in the ancient buried cities of Western Asia is an imminent possibility and an American responsibility, Dr. James Henry Breasted of the University of Chicago, reports.

Dr. Breasted, who is professor of Egyptology and oriental history there, has recently returned from a survey of most of the important buried cities of the Near Orient.

The collapse of the Ottoman empire has opened the birth-lands of civilization to unrestricted investigation. Dr. Breasted said, "It is evident, that there res before us an opportunity unprecedented in the history of humanistic research."

The great centers of human life in the ancient world, the mighty cities and capitals of Babylonia, Persia, Palestine, Syria, Asia Minor and Egypt, the region where the earliest civilized societies arose out of savagery and barbarism to bring civilization to barbarian Europe—all these treasures of human records which are rapidly perishing in the whole region about the Eastern end of the Mediterranean lie there silently awaiting the spade of the excavator.

It will be possible to clear up the leading ancient buried cities of Western Asia within the next 25 or 30 years or perhaps a generation, given sufficient funds and adequate personnel, according to Dr. Breasted. The task rests with American orientalists, he said, because no other country has the available resources.

HOW TO SEND PACKAGES TO THE BOYS ABROAD

Christmas packages for American soldiers overseas must reach certain sending stations designated by the war department by December 5 to insure delivery before Christmas, and must be carefully addressed, according to information received by the Pontotoc county chapter of the Red Cross.

Packages for American troops in Germany should be sent in care of "General Superintendent, Army Transport Service, Hoboken, New Jersey," and should reach this address by December 5. Parcels for men stationed in Hawaii and the Philippines should be sent to "Depot Quartermaster, Fort Mason, San Francisco," before the same date.

Packages for Germany must not exceed seven pounds in weight and seventy-two inches combined length and girth. Those to men on duty in the canal zone and insular pos-

sessions are limited to twenty pounds in weight and two cubic feet in volume. Senders should be very careful to address the packages plainly, giving the man's full military designation and distinction of package, instructions say.

FINANCIER WHO ORGANIZED GAS COMPANIES IS DEAD

BINGHAMPTON, N. Y., Dec. 4.—Thomas C. Crary, financier, died here last night. He was head of the Nineteen Hundred Washer company and participated in the organization of natural gas companies in Akron, Ohio, Kentucky and Oklahoma.

Mr. Crary also had large lumber interests in Mississippi, Georgia and North Carolina.

Irregularity in the bowel movements makes you feel uncomfortable and leads to a constipated habit which is bad. Herbine is the remedy you need. It restores healthy regularity. Price 60¢. Sold by Bart Smith. Adv.

Doubtless you have observed that the man who is good at nothing else is a formidable opponent in an argument.

You Could Almost Hear Her Smiling When She Told It

What a wonderful invention is the telephone!

Sometimes, when the phone is in good working order, you can tell by the inflection of the voice at the other end just how the speaker feels. And if your imagination is in good working order, you can picture the face and mood of the one you are speaking to at the time.

So it was at the News office this morning.

The phone rang. "I have a piece of news for you," a voice said at the other end. The reporter could almost hear someone smiling. It was a woman's voice, probably the nurse, and it was full of joy.

"I don't know how to word it," continued the cheerful voice, "but you can say that a 10-pound girl was born to Mr. and Mrs. E. M. Scarborough of 716 W. 10th street at 12:10 yesterday."

And she hung up, no doubt still smiling.

Great invention that, the telephone.

A remedy that will penetrate is necessary in the treatment of rheumatism. Ballard's Snow Liniment goes right through the flesh to the bone and relieves promptly. Three sizes, 30c, 60c, and \$1.20 per bottle. Sold by Bart Smith.

Utopia will be nearer when tongues organize and strike for shorter hours.

Church News

ADA CHRISTIAN CHURCH CLOSING SUCCESSFUL REVIVAL

The Christian church last night closed a successful revival of two weeks. When we say "successful" we do not mean that it was largely attended all the time or that there were a great number of additions. However, we had splendid audiences yesterday, and always had flattering audiences on Sunday. Many things hindered the meeting, but did not cause it to fail. There were two more who came forward yesterday morning, making nine in all. They are Mr. and Mrs. A. D. Allen, 312 East 14th; Mrs. A. B. Carrier, 720 West 7th; Mrs. George Alletag, 219 East 13th; Mr. and Mrs. H. Beavers, 211 East 9th; Kermit Gregory and his mother, Mrs. J. E. Gregory, 121 South High School Ave., and Mrs. E. E. Emerson, 15th and Mississippi. Mrs. Emerson is to be baptized in the near future. Considering these additions we believe the meeting has been a real success.

Then, too, the church was brought closer together. We do not mean that there has been any trouble in the church; we simply mean that the feeling of brotherhood and fellowship has been increased.

Again, the interest in a new church building has been materially increased. The evangelist spoke of this matter several times in his sermons, and his references were well received. It is increasingly evident that we must have a new edifice in order to grow.

A fourth evidence of a success is found in the fact that Sunday school has increased in attendance from about 165 to 210. We surely had a wonderful school yesterday morning, and it makes more and more evident the fact that we need a new church building.

We were fortunate, too, in the fact that the church was not pressed for money to give the evangelist. Nothing was said about money until yesterday morning. The minister, C. V. Dunn, then made a short talk after which a free-will offering was called for, and the members responded with over \$165. Without the pressure being put on. Before the day was over this amount was increased to nearly \$200, and nearly all collected yesterday. By such spontaneous giving the church is helped rather than hurt, and helps a man of real worth besides.

Regular services will be held next Sunday morning and evening and we are expecting splendid attendance at every service. We must not forget to mention the high school glee club, which favored the church with its presence last night, and sang one song at the Christian Endeavor meeting and one at the evening church service. We wish to express publicly our appreciation of this service. The male quartet also favored the church both morning and evening with selections. This quartet is always good. The congregation singing was exceptionally fine yesterday, and the evangelist's messages were very helpful.

All things considered, we feel that we had a successful meeting.

C. V. DUNN, Minister.

Prayer Meeting.
Prayer meeting will be conducted at the Christian church Wednesday evening from 7:30 to 8:30. This ought to be a well attended meeting. It is a time when Christians can draw nearer to each other and to the Heavenly Father. Besides the time spent in prayer and praise, a study will be made of the 10th chapter of Hebrews. It will be worth any one's hour to come to this prayer meeting Wednesday evening.

Meeting of Young Converts.
The young converts will meet at the Christian church Wednesday evening at 4:30. These young people have studied the sermon on the mount, some of them learning all the beatitudes by heart. They have studied the 23rd psalm, and some know it by heart. We are now learning and studying the 13th chapter of First Corinthians—the great love chapter. We hope many will be present.

C. V. DUNN, Minister.

GO TO THEATRE

NEILAN PLOT REVEALS SCIENTIFIC PHENOMENA

McSwain.

Based chiefly upon a question of scientific phenomena, the McSwain theatre describes "Go and Get It." Marshall Neilan's later production made under his six-figure contract with Associated First National Pictures, as "the most remarkable thought ever introduced into a photoplay."

The manager arrives at this conclusion after the private review of "Go and Get It." The chief point of the picture is a question of whether the transplanting of human organs into the bodies of animals is possible so far as the natural functioning of those organs is concerned. In the case of "Go and Get It," a famous surgeon made an experiment that results in astounding thrills that equal anything ever conceived by the writers of the old school.

The picture will have its first showing in Ada beginning today.

Some of the most daring aerial exploits ever screened are performed by Pat O'Malley in a series of thrilling aeroplane stunts in Marshall Neilan's fascinating photoplay of newspaper life, "Go and Get It." This powerful picture will be presented by the First National at the McSwain beginning today.

ROMANCE IS THEME OF CONSTANCE'S NEW PICTURE

Romance, romance—theme of the poet's song, dream of young lives, sweetest memory of old age—romance, that sings in the green wood and is waited upon the air of spring—romance, in short, that is one of the most delectable things in life, is the motif of Constance Talmadge's new Select Picture, "Romance and Arabella," in which she is presented by Lewis J. Elznick. "Romance and Arabella," from a comedy of the stage by William Hurlbut, will be seen on Tuesday at the American Theatre.

Constance Talmadge has been called the girl of a thousand expressions because she possesses the ability to alter her expression and manner with such remarkable ease and adeptness. She is probably the most vivacious actress of the screen with that effervescent, bubbling youth that is irresistible and irrepresible. In her various Select pictures she has displayed an originality of style and a charm that is as indefinable as it is apparent. There is no doubt but that in "Romance and Arabella" she has achieved a masterpiece of characteristic and realistic acting. The picture is a comedy of the highest type and is perfectly suited to the beautiful young star.

Harrison Ford is again seen opposite her and Walter Edwards directed the picture.

American.

"Romance and Arabella," the new Select picture, in which Lewis J. Elznick presents Constance Talmadge, will be seen today at the American theatre.

"Romance and Arabella" marks the seventh time that the winning combination of Constance Talmadge, Harrison Ford, her leading man, and Walter Edwards, her director, has worked together. The combination dates back to the days of "Good Night, Paul!" and ran through such succeeding triumphs as "A Pair of Silk Stockings," "Sauce for the Goose," "Mrs. Leflingwell's Boots," "A Lady's Name," and Miss Talmadge's more recent Select picture, "Who Cares?"

"Romance and Arabella," the latest Select Constance Talmadge comedy, which these three happy co-workers have concocted, is from the pen of William Hurlbut, whose play of the same name was a great success on Broadway.

This picture has five separate love stories although the heroine is the same in each one. It is

'Mabel' Says Women Love To Tease, and the Men Like It

Beautiful Miss Lillian Benese, who plays an important part in "Up in Mabel's Room," the famous farce success which A. H. Woods will present at the McSwain theatre on Thursday, December 9, for an engagement of one night, is the possessor of more than her beauty and talent as an actress. It is a possession that she values far more highly. The treasure in question is a priceless philosophy of happiness.

"There is so much in life to be happy about," says Miss Benese, "that I cannot understand why so many people look outside of themselves for happiness. I have always had to find my own happiness and it didn't take much to make me content. Maybe it is because I was never pampered and spoiled when I was a child."

"That is why I have such a splendid time playing 'Mabel,' I haven't attempted to analyze it deeply because there must be spontaneity in farce. I must let Mabel act on the impulse of the situations of the play and that makes it heaps of fun."

"Then you really cannot tell, if you are sitting in the audience watching the play, whether Mabel really intended to show the chemist to Garry's wife. I might just as well explain here, for the benefit of the reader, that the chemist plays one of the most important roles in the play. Garry gave it to Mabel before he was married and it looks for a while as though it is going to break up his happy home."

"But I don't think Mabel intended to be mean about it; she simply wanted to tease the man she was fond of. She had him in her power and was going to get a lot of fun out of it. I should say this was a feminine trait. I think women rather like to be teased by a man of whom they are fond and I am certainly convinced that women like to do the teasing. But that's more or less of a problem. That is why 'Up in Mabel's Room' is called a farce of feminine foibles. It really presents a very interesting phase of feminine psychology. That's what makes it so interesting, not only to the player but to the audience."

the tale of a young widow who decides that her second husband must supply her with thrills and romance. After a few weeks of romantic men she decides that after all her first and prosaic sweetheart is the right man. No more romance for romantic Arabella.

A Letter to Mothers

Who Have Delicate Children

This mother writes:—"My little girl five years of age had been delicate all her life. Pneumonia left her in a very weak, run-down, nervous condition with no appetite. We were very much worried. Our druggist, who is a doctor, said Vinol was the best tonic he knew for one in her condition. We tried it and you ought to see how she has improved by its use. I cannot say too much for Vinol."

Does All that is Claimed Or Costs You Nothing

THE BAPTIST BILLBOARD

Though the rains descended and the floods came last night, that was not all, for besides the 41 members of the training classes present at the Baptist church, there were some visitors. It has been raining long enough now so that we ought to be used to it, so tonight if it is raining our goal will be 75, and if the weather be good, it will be 125. Come!

Scene at Training School Last Night
Small Boy—"Maw, these ain't good home-made pies. I just knew these men couldn't cook."

Mother—"Hush, son, for we want the men to cook every night, so we ladies can rest."

Small Boy—"Well, maw, I'm afraid we'll all be laid to rest if we have to eat like this for a whole week."

The program at the training school tonight begins at 8:15, followed by the lunch, served by the ladies of the church at 7:15. At 7:45 Mr. McCauley, our state Sunday school secretary, will lecture on "The Seven P's in Sunday School Building." This will help to make a Methodist, Presbyterian, or any other Sunday school, grow just as well as Baptist schools, and all others are invited to be present at that time.

It was reported that Charlie Deavers, Bob Kerr and J. E. Harris stayed away from the training school last night for fear they might have to wash dishes. Well, fellows, that's all right for tonight, for the ladies are to serve this evening. We're expecting you!

Every day brings the answer to something I could not answer yesterday. It will take an eternity to know an infinity.

Who said those men couldn't cook and serve? It would have done you good to see that man Riddling in his long white apron; see Pastor Morris pouring coffee, so ably served by J. L. Wilmoth; and then Judge Duncan, assisted by Prof. Edward Davis, played a very important role in the business.

If you know him well enough—
—give Underwear

We'll grant you that undergarments for gift purposes are a trifle personal—and that you should at least know your man by his first name before you mix red ribbon with red flannel.

But that doesn't alter the fact that there are dads, brothers, uncles and brother-in-laws in this city who would be mighty tickled to receive a pair of tickleless Union Suits on Christmas morning.

Mothers, Sisters and every member of the fair sex except sweethearts—here's a suggestion that will bear thinking over.

Drummond & Alderson
ADA'S LEADING CLOTHIER

These men are to demonstrate tomorrow night. Better come take some lessons, ladies!

Many so-called Christians seem to have adopted as a slogan for their activities the following:
"I wish I was a little rock,
A-settin' on a hill,
A-doin' nothin' all day long,
But jes a-settin' still.
I wouldn't eat, I wouldn't sleep,
I wouldn't even wash,
I'd act and set a thousand years,
And rest myself, by Josh."

Speaking of building and rooms, we are reminded that the largest room in the world is the room for improvement. And this applies to Sunday schools as well as to individuals. How about trying to improve your Sunday school just a little?

On Wednesday evening the workers' council of the First Baptist church will put on the "pep program." Every teacher and officer of the school is urged by the superintendent to be present at that time. Following immediately after the class work on that evening, is to be the liveliest class social ever presented in Ada. And it is free to you, Mr. Reader, too! Come and enjoy it!

BILL WOULD STOP IMMIGRATION TWO YEARS

WASHINGTON, Dec. 6.—Favorable reports on the Johnson bill,

"I KNOW IT WILL CURE GRIPPE!"

Read What W. H. Howard Says of Swamp Chill Tonic

The best advertisement for this famous old remedy is the thousands of folks who have used it. They know there is nothing else so good for colds, grippe, "flu", malaria, etc., as SWAMP Chill & Fever Tonic.

W. H. Howard, of Ravenna, Ark., writes us: "Your SWAMP Chill Tonic beats them all when it comes to getting quick and permanent results. I have tried it on grippe and know it will effect a cure."

Don't wait until you catch a cold—go to your dealer today, buy a bottle or two of SWAMP Chill Tonic, and keep this reliable remedy right in the house, constantly.

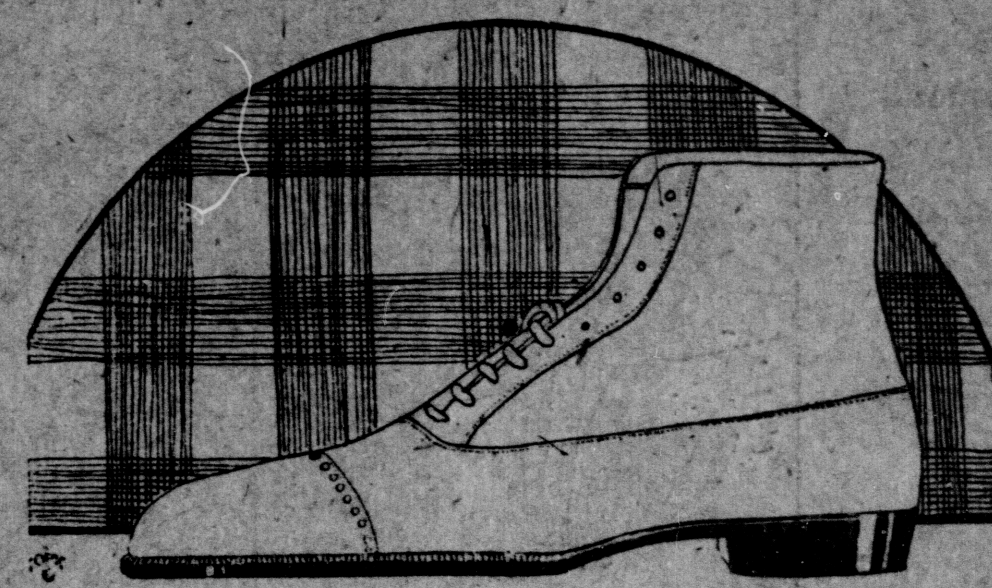

SWAMP Chill Tonic contains no calomel. It is tasteless, and pleasant to take. It acts quickly and surely. And no purgative has to be taken with it—the medicine itself acts gently and agreeably upon the liver and bowels. 60c a bottle.
